Hello Chapter Presidents and assistants,

I am so sad to send you this message. I have canceled the State Quester meeting on Thursday March 31 in New Port Richey due to

lack of attendance. We have hit the deadline for reservations and info to be sent to the Spartan for the lunch. I have been in daily touch with our state treasurer Patty Townsend. Her final count to me today is only 30 *members attending*.

This is not enough to have a state meeting since we do not have a quorum for motions and voting.

I am pleased that so many of you have been in touch with me and letting me know why you cannot attend. This is mostly due to many members not

willing to be around larger groups and traveling at this time. I understand this and appreciate all your letters.

I am sorry for the host chapter Clayton Woods #808 as they have put a lot into planning the meeting and made centerpieces and other decor for our theme.

This will be the third cancel for Clayton Woods!!

I have been asked to have this chapter host the Spring 2023 meeting and use all the supplies they have made and gathered so far. I do hope our very interesting guest speaker will agree to next years date.

As for the **baskets** that five chapters are bringing - you may bring them for our Fall Convention Meeting or save them for the Spring 2023 meeting. Thank you for letting me know you made baskets and please remove anything that may be perishable so you can bring the basket in the future.

Nautilus #909 chapter has offered to do our fall (November) meeting. I know they have already put a deposit on the hall when I visited their chapter and went with Francine Webb to approve the hall.

Also if you have made **hotel** reservations please cancel now so you will not be charged any cancel fees. Only good thing out of this is that our historic 100 year old hotel in New Port Richey will be open and ready for us in 2023. Their grand opening is planned for June of this year.

Thank you

Judith Koutsos

Florida State Quester President

Judith Koutsos
